

## Key Investor Information

This document provides you with key investor information about this Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.

### Euro Liquidity Portfolio (the "Fund")

### A sub-fund of Short-Term Investments Company (Global Series) plc (the "Umbrella Fund")

### Institutional Accumulation Class (ISIN: IE00B15CFG88) (the "Share Class")

The Fund is managed by Invesco Global Asset Management DAC, part of the Invesco Group.

#### Objectives and Investment Policy

- The objective of the Fund is to provide investors with a daily income whilst maintaining the value of the investment.
- To achieve the objective the Fund invests in a range of securities which pay a rate of interest to the Fund (such as short term loans, bonds and other debt securities) and each of which are due to be repaid within a maximum of 397 days in euros.
- These debt securities are issued by governments, high quality banks, corporates and other financial institutions and each of these securities must be a First Tier Security which means that it is in the highest rating category for short term debt obligations as determined by nationally recognised ratings agencies.
- The Fund is classified as a Short-Term Money Market Fund.
- The Fund actively researches and monitors the issuers to ensure the investments remain of high quality.
- The Fund is actively managed within its objectives and is not constrained by a benchmark.
- Any income from your investment will be reinvested.

#### Risk and Reward Profile

Lower Risk ← Higher Risk  
Typically lower rewards ← Typically higher rewards

1	2	3	4	5	6	7
---	---	---	---	---	---	---

- The Share Class is in risk category 1 due to the rises and falls of its price or simulated data in the past.
- As the Share Class' risk category has been calculated using historical data, it may not be a reliable indication of the Share Class' future risk profile.
- The risk category may change in the future and is not guaranteed.
- The lowest category does not mean a risk free investment.

#### Other Risks

- The value of the Fund assets may go up or down and the income from them will vary. Your full investment may not be returned to you.
- There is no guarantee that a stable Net Asset Value per Share will be maintained.
- Credit risk: the credit ratings assigned to the individual assets in the Fund can weaken, so causing the value of those assets to fall.
- Liquidity risk: the ability to buy and sell assets typically held in the Fund can be impaired in adverse market conditions.
- Interest rate risk: changes in interest rates can result in positive or negative short-term fluctuations in the value of the assets held by the Fund.
- A more detailed description of risk factors that apply to this Fund is set out in Section 8 of the Prospectus.

## Charges

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest	
<b>Entry charge</b>	None
<b>Exit charge</b>	None
Any charges shown above are the maximum that might be taken out of your money before it is invested.	
Charges taken from the Share Class over a year	
<b>Ongoing charge</b>	0.10%
