The investment objective of each Article 8 fund is to achieve the performance of the index which it tracks<sup>1</sup> and so each Article 8 fund shares the same environmental and social characteristics as its underlying index. More information on each Article 8 fund and their index can be found on the relevant fund page at [etf.invesco.com](https://etf.invesco.com).

The following information can be found in the supplement, index factsheet and index methodology of the relevant fund at [etf.invesco.com](https://etf.invesco.com), in terms of:

- how those ESG characteristics promoted by the fund are met;
- the methodologies used to assess, measure and monitor the environmental or social characteristics or the impact of the sustainable investments selected for the ESG product, including its data sources and screening criteria for the underlying assets; and
- the relevant sustainability indicators used to measure the environmental or social characteristics or the overall sustainable impact of the financial product.

---

<sup>1</sup> Except for actively managed funds.

## **Actively managed funds**

### **Invesco Markets II plc**

- Invesco Quantitative Strategies ESG Global Equity Multi-Factor UCITS ETF;
- Invesco EUR Corporate Bond ESG Multi-Factor UCITS ETF;
- Invesco EUR Corporate Bond ESG Short Duration Multi-Factor UCITS ETF; and
- Invesco Quantitative Strategies Global Equity Low Volatility Low Carbon UCITS ETF.

The environmental and social characteristics are set out in the investment policy of each fund. More information on the investment policy can be found on the relevant fund page. Information on how the environmental and social characteristics are met, the methodologies used to assess, measure and monitor the environmental or social characteristics or the impact of the sustainable investments selected for the ESG product, including its data sources and screening criteria for the underlying assets and the relevant sustainability indicators used to measure the environmental or social characteristics or the overall sustainable impact of the financial product can be found in the Responsible Investment Policy/ESG Policy on the relevant fund page at [etf.invesco.com](http://etf.invesco.com).

# Transparency of sustainable investments

The following funds have sustainable investment as their objective and are categorised as Article 9 funds, for the purposes of SFDR:

## **Invesco Markets II plc**

- Invesco MSCI Emerging Markets ESG Climate Paris Aligned UCITS ETF;
- Invesco MSCI Europe ESG Climate Paris Aligned UCITS ETF;
- Invesco MSCI Japan ESG Climate Paris Aligned UCITS ETF;
- Invesco MSCI USA ESG Climate Paris Aligned UCITS ETF; and
- Invesco MSCI World ESG Climate Paris Aligned UCITS ETF.

Each of the funds has a reduction in carbon emissions as its objective and is categorised as Article 9 funds for the purposes of SFDR. The investment objective of each fund is to achieve the performance of the Paris Aligned Benchmark which it tracks, thereby taking an approach that seeks to reduce each fund's exposure to transition and physical climate risks whilst pursuing opportunities arising from a transition to a lower carbon economy and aligning with the Paris Agreement requirements. More information on each fund and their index can be found on the relevant fund page at [etf.invesco.com](https://etf.invesco.com).

- Invesco Hydrogen Economy UCITS ETF

The investment objective of the fund is to achieve the performance of the WilderHill Hydrogen Economy Index which it tracks, thereby taking an approach that seeks to invest in companies whose innovative technologies focus on advancing the use of hydrogen, fuel cells and the potential hydrogen economy, hence facilitating a transition to a lower carbon economy. More information on the fund and its index can be found on the relevant fund page at [etf.invesco.com](https://etf.invesco.com).

- Invesco Wind Energy UCITS ETF

The investment objective of the fund is to achieve the performance of the WilderHill Wind Energy Index which it tracks, thereby taking an approach that seeks to invest in companies whose innovative technologies focus on advancing wind energy and enabling its use, hence facilitating a transition to a lower carbon economy. More information on the fund and its index can be found on the relevant fund page at [etf.invesco.com](https://etf.invesco.com).

The following information can be found in the supplement, index factsheet and index methodology of the relevant fund at [etf.invesco.com](https://etf.invesco.com), in terms of:

- how each fund's objective is met;
- the methodologies used to assess, measure and monitor the environmental or social characteristics or the impact of the sustainable investments selected for the ESG product, including its data sources and screening criteria for the underlying assets; and
- the relevant sustainability indicators used to measure the environmental or social characteristics or the overall sustainable impact of the financial product.
